ABOUT
MOUNTAIN VIEW

Founded in 1989, Mountain View Developments - previously known as Dar Al Mimar Group (DMG) - started as a development and real estate business. It quickly proved its excellence and became one of the leading entities in Egypt.

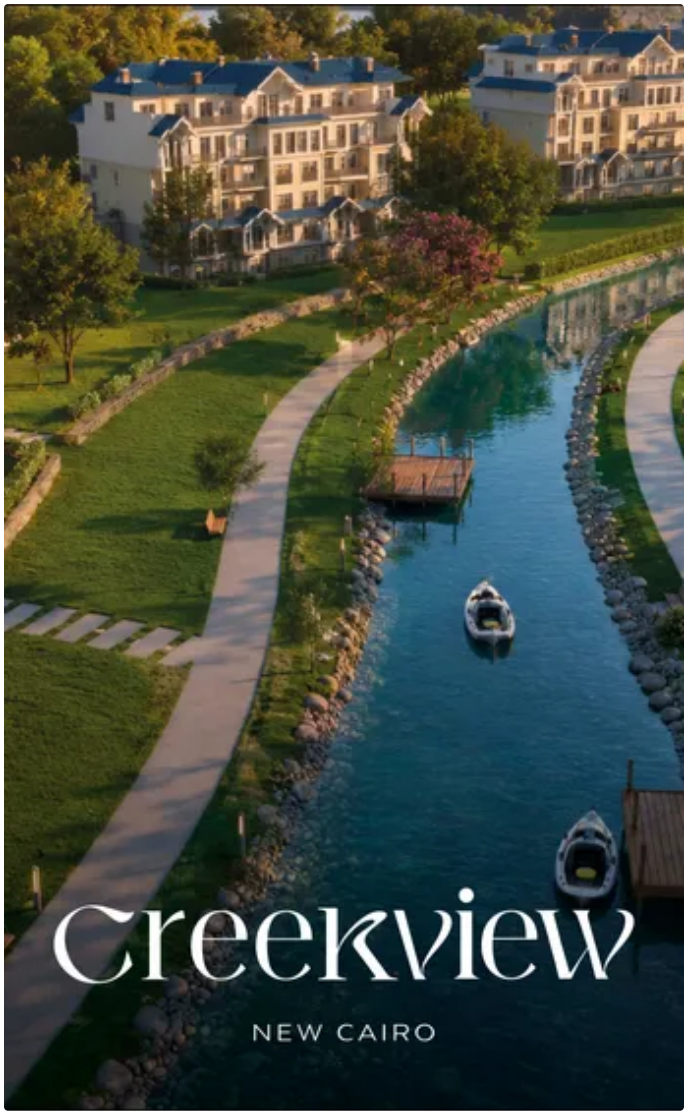

In 2005, it became the huge real estate group we know today, Mountain View Egypt. It was founded over 20 years ago as a contracting and engineering firm, and it is one of the most vertically integrated groups in the Middle East today.

A project is brought to life from concept to design, contracting to sales, and facilities management as a consequence of the Mountain View Egypt member companies' cooperation. The firm's foundation concept is complete integration and open lines of communication.
