ABOUT
EL BARON DEVELOPMENTS

Founded in 1980 by Eng. Hazem Zarif, El Baron Developments stands as a testament to over 40 years of ongoing success and dedication. The journey began in the late seventies with the construction of the very first building in Nasr City.

This paved the way for the company's inaugural large-scale project in the early eighties, an endeavour that provided homes for more than 3,000 families.

This foundation of credibility, honesty, and professionalism has guided every step, fueling expansion into New Cairo and New Administrative Capital.

Each project reflects a personal commitment to creating thriving, welcoming communities and upholding the values instilled from the very beginning.
